SUBJECT: INVITATION TO PUBLIC MEETING
SANTA CLARA RIVER NUTRIENT TMDL

A public meeting is planned to discuss options for development for a TMDL for nutrients in the Santa Clara River. The meeting will discuss the status of ongoing quality assessment of surface and groundwater along the Santa Clara River, and approaches for procuring data, analyzing data, assessing sources and modeling the watershed and allocating loads. All participants are invited to provide comments regarding development of the Santa Clara River Nutrient TMDL. The meeting will be held at the following time and location:
